SUMMARY

Passionate and results-driven Full Stack Developer with hands-on experience in Frontend Development, React.js, JavaScript, Node.js, Express.js, MySQL, and PostgreSQL. Experienced in developing responsive web applications, implementing secure authentication systems, and building database-driven solutions. Strong understanding of UI/UX principles, REST APIs, version control, and modern web development practices. Looking for opportunities to contribute technical expertise while continuous learning emerging technologies.

WORK EXPERIENCE

Frontend Development Intern - Hood Private Limited — 2026

- Developed and maintained responsive web interfaces using HTML, CSS, JavaScript, and React.js.
- Collaborated with developers and designers to build user-friendly and mobile-responsive web applications.
- Implemented reusable UI components to improve development efficiency and maintainability.
- Optimized website performance, accessibility, and cross-browser compatibility.
- Participated in code reviews, debugging, and feature enhancements in an Agile development environment.
- Worked closely with backend teams to integrate APIs and deliver seamless user experiences.

Full Stack Development Intern - Immortal Future Infotech — 2025

- Completed intensive training and project development in Full Stack Web Development.
- Developed dynamic web applications using React.js, Node.js, Express.js, and MySQL.
- Designed and integrated database solutions to support business requirements.
- Collaborated on real-time projects involving frontend development and backend integration.
- Improved application performance and user experience through optimized coding practices.

Web Design Intern - Inspire Softech Solutions — 2024

- Designed and developed responsive websites from concept to deployment.
- Built interactive user interfaces using HTML, CSS, and JavaScript.
- Applied modern UI/UX principles to enhance usability and accessibility.
- Improved website responsiveness and performance across multiple devices and browsers.
- Collaborated with mentors to implement industry-standard web design practices.

PROJECTS

Scholarship Management Portal

React.js, Node.js, Express.js, PostgreSQL

- Developed a full-stack scholarship management platform to automate application processing.
- Implemented role-based workflows involving Student, HOD, Principal, and Management approvals.
- Created an administrative dashboard for application review, status tracking, and analytics.
- Integrated PostgreSQL database for secure and efficient data management.
- Improved transparency by enabling real-time application status monitoring.

- Built a secure authentication platform using JWT authentication and bcrypt password hashing.
- Implemented user registration, login, email verification, and password recovery workflows.
- Developed middleware for role-based authorization and protected API access.
- Integrated PostgreSQL for secure user and session management.
- Enhanced application security through token expiration, rate limiting, and secure password reset mechanisms.

- Developed an automated timetable generation system for educational institutions.
- Designed scheduling algorithms to eliminate conflicts and optimize resource allocation.
- Integrated SQLite database for efficient storage and retrieval of scheduling data.
- Enabled real-time conflict detection and schedule adjustments.
- Reduced manual scheduling efforts while improving timetable accuracy.

EDUCATION

2022 - 2026	B.E. at Adhiyamaan College of Engineering	(GPA: 7.8/10.0)
2022	HSC at KSR Matric H Secondary School	(81.5 %)
2021	SSLC at Sri Vivekananda Matric Higher Secondary School	(99 %)

SKILLS

Frontend Development	HTML5, CSS3, Javascript(ES6+), React.js, Responsive Web Design, UI/UX Design
Backend Development	Node.js, Express.js, REST APIs, JWT Authentication, Nodemailer
Database Technologies	MySQL, PostgreSQL, SQLite
Programming Languages	Java, JavaScript
Version Control & Tools	Git, Github, XAMPP, VS Code
Design Tools	Figma, Adobe Illustrator
Soft Skills	Team Collaboration, Problem Solving, Communication, Time Management, Adaptability

CERTIFICATIONS

- Modern Front-End Web Development – Udemy (2026)
- Bootcamp on Full Stack Development – NoviTech R&D Private Limited (2025)
- Artificial Intelligence Fundamentals – IBM SkillsBuild (2025)
- Web Design Development – Infochord Technologies Pvt. Ltd. (2024)
- Practical HTML & CSS – Infosys Springboard (2024)

Passionate about creating innovative web applications and delivering impactful digital solutions through clean code and modern technologies.
